Background

The Beth Mary Orphan Home started its journey in 2014 with only 10 orphan children and later came another 35 children's until now there are 45 children living in this home. Some of the children do not have either a mother or father, or in some cases they have lost their both parents. The Aloshikha RSD Center has taken the special initiative to provide for them, including education, health and creating employment opportunity in the future.

Currently all of children are studying in the Maria Child Care School which is operated by the Aloshikha RSD Center. The chief initiator of the Orphanage Home, Mrs. Martha Halder, feels it is very important to establish them in the main stream of our society. Presently, the 30 boys and 15 girls come from the Chittagong Hill Tract region and Barisal and Kotalipara. Additionally, many children are coming every day from different part of the country seeking to be a part of this orphanage home, but it is not possible to receive them all due to lack of financial support.

Aloshikha, as a non-profit and non-government organization, cannot alone meet all the financial expenses of the needs of the children, rather it has depended on the generous donations of friends and partners since 2014-2022. In this respect, we cordially seek support from helping hands from kind hearted people from all over the world.

The following short biographies and pictures help to get to know these special children and how to support their futures.

Mary Home Orphan Children life history

01	Parthomoy Bom	Photo
	14 years old,from Sekhorpara, Thanchi, Bandarban When Parthomoy first came to Aloshikha 3 years ago, she wanted to be a teacher. However, she has since decided she wants to go into the army. Sociology is her favorite subject because she like to learn about the history of Bangladesh. Parthomoy was able to travel to Bandarban this year, but the car ride made her sick. Despite this, she loved the trip and wishes she could travel and know more new places. In her free time she like to read story book and play sports. She is a very good badminton player and would love to have her own racket as a gift someday. Parthomoy think the girls in Aloshikha could benefit from a private tutor. Her favorite food is chicken.

Aim and Objective

Our overall objective is to support all 45 children to complete Vocational Education Training and successfully pass their Secondary School Certificate (SSC) examination so they will be well prepared for further education. Since the Orphan Home is located next to the Vocation Training Center, the boys and girls may choose to attend there to complete their education until class 10.

On 30-12-22, Dr. Kristofer Dee Johnson and Dr. Marlin Johnson teaches a spiritual lesson on the importance of having good relationships:

1. Our relationship with God
2. Our relationship with ourselves
3. Our relationship with our family
4. Our relationship with friend and neighbors

Supporting Futures

After completing their education in Aloshikha, the children will be prepared to enroll in government or private institutions to further pursue their goals and dreams. This will lead to employment opportunities in regional and national organizations and businesses. Our hope is that all 45 children become self-reliant and make meaningful contributions to society. They do this by becoming established economically and taking part in the decision making process of our society. This is the long-term positive impact of our program.

Donation Option

Mary home is providing support for the education, food, shelter, clothing, uniforms, and health services of all the orphan children. Please extend your helping hand and financial support for implementing and improving this programme. Your contribution would be enough to change the life of a child. You can donate to the following bank account:

Account Name	: James Mridul Halder
A/C No	: 0123034014439
Bank Name	: Sonali Bank Limited Sonargaon Hotel (200264396), Dhaka Bangladesh
Swift Code	: BSONBDDH

At present, the orphanage is partially supported financially by small government provisions and volunteer work. But we are looking for more sponsor guardians to help us with our orphanage. Because of lack of funding, it is very difficult for the orphanage to cover the cost of education, medical care, food, clothing and accessories.

Please transfer the money in the Bank

Reporting & Monitoring

The Aloshikha RSD Centre has established an internal monitoring committee comprised of three members who are responsible to follow program activities on a monthly basis. They also prepare monthly work plans and actions to ensure the quality education and make recommendations for finding more financial support for the children from potential donors and funding sources.

Date of 10/11/2022 Parents meeting of Sador Bandarban

An exchange meeting was held on Bandarban Sador, Thursday, 10/11/2022 in the Hotel Dream Land with the parents of the orphans. During the exchange, various questions were asked to and opinions were expressed about the aims and objectives of the orphanage. One result of the meeting was a decision that starting in 2023, every year the children will have 15 days leave. Also the children should not stay in the orphanage after their SSC examination to encourage them to enroll in 4 years vocational diploma courses, to be supported by their parents.

The meeting was a valuable opportunity to meet with the guardians of the orphanage children and take a picture together. For many of the participants, it took 2 days to reach the location of the meeting due to the hilly terrain and poor transportation system. The guardians do not have sufficient financial resources to provide basic needs like nutritious food and education to their children.
